Directory of Microfinance Institutions (MFIs) in India

Mission of Sa-Dhan

“To build the field of community development finance in India, to help its members and associate institutions to better serve low income households, particularly women, in both rural and urban India, in their quest for establishing stable livelihoods and improving their quality of life”.

Disclaimer

This directory is an attempt to enumerate significant players (MFIs) in Indian Market, through compilation of names of MFIs functioning under different networks as well as through soliciting self-declaration from the organizations concerned. The list may not be exhaustive but carries most of the organizations having over 90 per cent market share in the country. This is the version II of the directory and subsequent versions would be released as and when further information is compiled from the dynamic MFI sector.

PREFACE

Microfinance sector in India has achieved incredible growth in terms of both outreach and sustainability. Importantly, the policy makers and regulators have increasingly recognized the microfinance sector as an important element in expanding financial inclusion to the un-reached and under reached segments of the population.

Government of India and the Reserve Bank of India have created conducive policy framework for Microfinance Institutions (MFIs) to provide necessary legitimacy and impetus to the sector. MFIs in general comply with the regulations, take care of client protection issues, and adhere to the Industry Code of Conduct. These factors go a long way in infusing confidence among all the stakeholders. The Government of India has displayed a leap of faith in the sector by setting up MUDRA for refinancing the microfinance sector. Similarly RBI reemphasized its confidence in the sector by bringing forth the SRO setup.

The purpose of this directory is to enumerate MFIs that provide microcredit in the country. The necessity to the directory arose from the perceptible dilemma of policy makers and the regulators on the breadth of supervisory attention required for the sector in the event of all institutions being brought under a regulatory framework. The directory is an attempt to provide list of MFIs actively operating in the country so as to help the policy makers, regulators and others to have a readymade inventory of MFIs.

In recent past we had come across many Illegal and fly-by-night organizations being set up and operating across country by mimicking MFI structures. These entities vitiate the atmosphere for the legally operating institutions. This leads to the creation of a bad image for microfinance sector and causing problems for formal MFIs. This Directory would help to ring fencing the formal MFIs from being mistakenly identified with such dubious entities.

The particulars in the directory are mainly self-reported by the MFIs. The particulars provided by non-members were cross verified from other sources. A dedicated online tool was designed and widely circulated to call for particulars from all MFIs in the country.

Similarly, adequate attempt has been made to compile together the scattered lists of MFIs operating in the country as available with various agencies like industry associations, small networks operating in different states, lending agencies, etc. The directory team has written to different agencies seeking to share MFI lists, posted the idea of the directory in Sa-Dhan and other websites, and circulated the data-request among UNDP Microfinance Solution Exchange members.

The directory carries the vital information such as name of MFI, contact details, year of establishment, number and name of the states operating in, products and services rendered, client outreach, managed portfolio, BC portfolio and gross loan portfolio. By all means the directory would very well

serve the reference purpose and the users may seek further details from the MFIs concerned to meet their specific needs.

serve the reference purpose and the users may seek further details from the MFIs concerned to meet their specific needs.

Sa-Dhan developed the first version of MFI Directory in 2014 which carries names of 268 MFIs. RBI and other stakeholders appreciated Sa-Dhan for its initiative and presenting an MFI Directory first time in the sector.

There have been many changes in the regulatory landscape over last two years such as the establishment of MUDRA Bank, Small and Payment Bank licenses, granting of Self-Regulatory Organization status to microfinance industry associations, graduation of one MFI (Bandhan) to a mainstream bank etc. During this period many MFIs either closed microfinance operations, completely stopped operating, merged with other MFIs or graduated to full-fledged Bank/Small Finance Bank. So Sa-Dhan felt the need of revising the MFI Directory.

The second version of MFI Directory carries 223 MFIs across 21 States/UTs. There is a drop of 80 MFIs from the existing list of MFI and addition of 35 new MFIs.

The names have been listed out state wise and then alphabetically under each state.

We thank all those agencies which helped to compile this directory and all the MFIs for reposing confidence in us and valuing transparency through data reporting. We look forward to such continued response in future too.

Entire Directory work was spearheaded by Mr. Ardhendu Nandi with active support of his colleagues Ms. Shyamasree Nandan and Mr. P.M. Kamalesh. I appreciate them for their meticulous collection of data through repeated follow up with MFIs across country, validation of the data through iteration process, and working on the process to bring out this Directory.

This directory would not have been possible without the financial support under the Poorest States Inclusive Growth (PSIG) Project being implemented by SIDBI with support from UKAID through Department for International Development (DFID). We thank them profusely for their continued support to the various endeavours of Sa-Dhan.

As in any such effort there could be some inadvertent misses. We request you to bring them to our notice. We also request your valuable feedback to improve the content and format of the directory in future versions.

P. Satish
Executive Director
May 2016

Definitions

Microfinance:

Micro Finance is the provision of thrift, credit, and other financial services and products of very small amounts to the poor in rural, semi urban or urban areas, for enabling them to raise their income levels and improve living standards.

MFIs:

MFIs are those organizations, other than banks, providing microfinancial services

Legal Form:

Incorporation of MFIs under different acts of the country determines the legal form. The common legal forms include Society, Trust, Cooperative, Section 25 Company, Non-Banking Finance Company (NBFC).

Client Outreach:

It denotes the total number of active clients availing the services of an MFI.

Gross Loan Portfolio (GLP):

The outstanding principal balance of loan given by MFIs to clients.

Managed Loan Portfolio

Managed Loan Portfolio is the loan asset originated by MFIs and later sold to banks for getting liquidity. The MFIs continue to manage it - collection of repayment on behalf of the banks which purchased the portfolio.
